1	Defect Reco				
1	Source Prog				
l	Test Results				
	Program an	d Test Results	Comments		
1	The program	appears to be workable.			
1	All required t	ests have been run.			
1	The actual o	utput is correct for each test.			
1	Source is co	mpatible with coding standard.			
			_		
	Test Report	•	Comments		
1	_	d actual results are included for all tests.			
1	_AII Informat	ion to repeat the tests is provided.			
	Time Log		Comments		
1	Time data ar	e entered for all process steps.			
1	Process step	os are sequenced appropriately.			
1		e entered against the appropriate process			
	step.	s is to also decompositely.			
1		e is tracked appropriately.			
1		re complete and reasonable.			
1	Times were	recorded as the work was done.			
	Defect Log		Comments		
1	Every defect	has all required data.			
1	Defects were	e injected before removed.			
1	Every defect	has a fix time.			
1	Defects inject	cted in compile and test have fix numbers.			
1	Defects are	adequately described.			
1	Defect types	are consistent with description.			

Grading Checklist - PSP 1

	Defect types are consistent with phase injected.
1	Defect types are assigned consistently.

Grading Checklist - PSP 1

	Size Estimating Template & PROBE Worksheet	Comments
1	Plan and actual size data are complete and reasonable.	
1	The reuse and base measures are used correctly.	
1	A suitable number of new parts are identified.	
1	The item sizes are balanced around medium.	
1	The relative size data values are correct and based on historical data	
1	The appropriate PROBE method has been selected.	
	PIP Form	Comments
1	The PIP form is completed.	
1	The entries show insight and thought.	
	Planning Summary	Comments
1	Planned total time has been entered correctly.	
1	Planned and actual size data are entered correctly.	
1	Planned and actual size/hour data are reasonable.	
	Consistency Checks	Comments
1	Consistency Checks Defects removed are consistent with compile and test phase time and program size.	Comments
1	Defects removed are consistent with compile and test	Comments
	Defects removed are consistent with compile and test phase time and program size. Total compile defect fix times are less than compile	Comments
1	Defects removed are consistent with compile and test phase time and program size. Total compile defect fix times are less than compile time.	Comments
1	Defects removed are consistent with compile and test phase time and program size. Total compile defect fix times are less than compile time. Total test defect fix times are less than test time.	Comments
1	Defects removed are consistent with compile and test phase time and program size. Total compile defect fix times are less than compile time. Total test defect fix times are less than test time. Defect dates & phases are consistent with the time log.	Comments
1	Defects removed are consistent with compile and test phase time and program size. Total compile defect fix times are less than compile time. Total test defect fix times are less than test time. Defect dates & phases are consistent with the time log. Planning summary is consistent with the time log.	Comments
